WORK EXPERIENCE

2018 - Current

User Interface Designer / User Experience Designer

Teeleh Application

some of my responsibilities in that project were as follows:

- 1- Evaluating user requirements in collaboration with other engineers
- 2- illustrating design ideas using wireframes and sketches
- 3- Developing prototypes that clearly illustrate how Application operates and looks using Adobe XD or Figma
- 4- Designing graphic user interface elements like menus, tabs, buttons, ... using Adobe Illustrator
- 5- Designing 2d animations and motion graphics in order to reach more dynamic and user-friendly UI using Adobe After Effects
- 6- Spotting and troubleshooting design problems, e.g. elements pixelation, responsiveness, etc
- 7- Conducting layout adjustments and optimizing designs based on user feedback

2016 - 2018

ICT network engineer

Dr.Hedayati Institution

My area of expertise was implementing Cisco-based solution and VMware Virtualization. I generally knew about Backup and Monitoring Solutions

2015 - 2016

ICT security technician

Computer Emergency Response Team Laboratory of University of Tabriz (APA)

- Raising awareness and understanding of security issues among users and providers of the cyberspace
- Support for the creation and usage of appropriate technology for resisting against cyber-attacks, limit the damages, and also confidence in the continuity of critical cyber services
- Assist to identify and fix vulnerabilities in computer and network systems

EDUCATION

2014 - 2019

Bachelor of Science

University Of Tabriz

I hold a BSc in **Computer Engineering** from the University of Tabriz.

Relevant courses: Data Structures, Advanced Programming, Artificial Intelligence , Algorithms, Automata Theory, Computer Architecture, Operating Systems,...

2010 - 2014

High School Diploma

Daneshmand High School

I have studied **Mathematics and Physics** field in Daneshmand High School, which is one of the most reputable schools in north-east of Tehran

PROFESSIONAL DEVELOPMENT

09/2020 - 10/2020

Human-Centered Design: an Introduction

University of California San Diego - Coursera

This course has been offered by University of California San Diego on Coursera platform. Topics that are covered in this course include Rapid Prototyping, Storyboarding, Heuristic Evaluation, Paper Prototyping. This course is part of the Interaction Design Specialization

08/2020 - 09/2020

Introduction to User Experience Design

Georgia Institute of Technology - Coursera

This course has been offered by Georgia Institute of Technology on Coursera platform. Topics that are covered in this course include Requirement Gathering , designing mobile and ubiquitous computing systems that meet the usability constraints that were identified, Prototyping and Evaluation

07/2020 - 08/2020

Design Thinking: UX and Advanced Topics

Microsoft - edX

This course has been offered by Microsoft on edX platform. Topics that are covered in this course include User Needfinding, User Experience Design, and basic principles of Interface Architecture

2017 - 2018

CCNA Routing and Switching

Dr. Hedayati Educational Institution

I learned a lot during CCNA Routing and Switching courses like Banner Grabbing with Netcat, DHCP Snooping, Configuring Routing Protocols like EIGRP,...

2016 - 2017

CCNA Data Center

Dr. Hedayati Educational Institution

Major fields that we mostly focused on during this course was Monitoring Softwares like Solarwinds, Linux Terminal Commands, Virtualization,...

JOB-RELATED SKILLS

Programming languages

Programming Languages - Scripting

JavaScript: As an interaction designer it's important to be able to build what you design at the finest detail

Python: Mostly used for network configuration and bachelor projects

Programming Languages - Compiled

C++: Mostly used for bachelor projects

Programming Languages - Markup

HTML/CSS: It is important for a UI/UX designer to be able to communicate with front-end developers

User Experience Skills

- Personas
- Wireframing
- Storyboarding
- User Interviews
- Usability Testing
- Contextual Inquiry
- Heuristic Evaluation
- Customer Journey Map
- Information Architecture

Multimedia and Creativity Software Products

As a self-motivated individual, I have 4 years of experience working with creativity and design software like:

- Adobe Photoshop
- Adobe Illustrator
- Adobe After Effects
- Adobe XD
- Figma
- FontLab Studio
- FontCreator
- Invision

COMMUNICATION AND INTERPERSONAL SKILLS

Teamwork

I have been engaged with so many peoples in different projects and I have no problem communicating with other team members and hearing their criticism

Work Condition

I have developed the capabilities to work in stressful, challenging, and fastpaced environments

Intercultural Competence

The majority of the Tabriz population are Azerbaijani Turks, so I have experienced acquainting with people with different language and culture

LANGUAGE SKILLS

MOTHER TONGUE(S): Persian

English

Listening	Reading	Spoken production	Spoken interaction	Writing
C2	C1	C1	C1	C1

IELTS Band 7
